TOP TIPS for Bath Time

1. Stay together

Young children should always be within arm's reach

2. Perfect preparation

Get everything you need ready to go before filling the bath

3. Avoid distractions

Leave your phone outside the bathroom

4. Check that the water has drained

Toys can easily block the plughole leaving water unexpectedly in the bath after use

5. Keep your Bathroom tidy!

When not in use, keep the plug and toys out of reach and shut the bathroom door to limit children's access without an adult

Keep your children safe around water

BATH TIME CHECKLIST

Before your children go into the bathroom, make sure you've checked off this list, so that there's no need to leave their side!

- Bubble bath
- Bodywash & shampoo
- Bath toys
- Water jug
- Wash cloth
- Towel
- Baby lotion
- Hairbrush
- Nappy
- Sleepsuit or Pyjamas
